

Building Quality Engineered Marine Products Since 1946

Roller Beacher Systems

RGC Advantage

RGC Roller Beacher Systems combine the physical strength of quality marine grade aluminum along with the engineering expertise of the most experienced boat lift manufacturer in the industry.

Roller Beachers protect your watercraft from damaging wave action, floating debris, weeds, algae, and zebra mussels.

BR1000 without Options

Features & Benefits

- 1000 lb. and 1750 lb. capacity systems are available to fit a variety of PWCs and boats.
- Lightweight aluminum makes units very portable.
- Durable, non-corrosive rollers adjust to watercraft's hull for a custom fit.
- Corrosion resistant stainless steel hardware.
- Adjustable roller spacing.
- The K1051 winch is equipped with a brake, comfort grip handle and 41 ft. of wire rope.
- Assembly is quick and easy with basic hand tools.
- 15 year limited warranty on aluminum materials and workmanship.

BR1750 w/ Optional Handwheel and Track Supports

Applications

- Secures your boat or PWC when not in use.
- Designed for both gradual and steep slope applications.
- Safely stores your watercraft on rocky, sandy or grassy shores.
- Ideal for waterfront properties with restrictive building ordinances.

Accessories

- Extra track with Rollers
- 30 in. Handwheel (BR1750 only)
- Track Supports (BR1750 only)
